The Firm

Arena Alvarez Advogados is a law firm which was established in the State of São Paulo, Brazil in 1994. Specializing in insurance and reinsurance law in the fields of aviation (third party liability claims, purchase and sale contracts, aircraft finance, repossession, regulatory and airport law), recovery of local and international debts and other issues related to export credit insurance, Directors and Officers (D&O) liability, international trade, marine and non-marine claims, cash in transit claims, rail and road transportation claims, real estate law, energy, corporate law, labor law, arbitration and mediation.

Our office settles claims and defends legal actions brought by airline passengers and victim's families, as well as cargo and baggage claims, subrogation suits (recovery) on behalf of insurers, reinsurers and other relevant proceedings involving general transportation companies, credit insurance and large organizations of the most diversified segments of the market.

Arena Alvarez Advogados has wide international expertise and, with its team of highly qualified professionals, specializes in assisting domestic and foreign clients both in Brazil and abroad.

Arena Alvarez Advogados has its main office in state capital city of São Paulo, and a branch office in the city of Bauru, (São Paulo state).

The Firm's founder, Luiz Eduardo Arena Alvarez is a former director of the British law firm Clyde & Co Consultores S/C Ltda.' as well as a founder member of the Brazilian Association of General Aviation (ABAG), member of the International Bar Association and holds a private pilot's license.

Arena Alvarez

ADVOGADOS

Legal services

Insurance and Reinsurance

The emphasis is on the mitigation of loss, whether by defending the interests of the underwriters and reinsurers against claims from the insured and third parties, or by defending the insured against proceedings filed by third parties, as well as the recovery of indemnities paid and subrogated by insurers and reinsurers. Endeavors to enter into settlements and closely follow up settlement payment to avoid lawsuits against underwriters.

Assists in the review and development of insurance and reinsurance policies, including matters related to Directors & Officers Liability.

Labor Law

Specializes in judicial litigation, individual, collective and union settlements.

Follow up of audits and defense in administrative suits regarding infringement acts and administrative inquiries.

In the preventative area: conducts audits and analysis of the internal procedures of companies and evolves guidelines aimed at avoiding challenges by audit offices, unions, DRT (Regional Labor Office) and MPT (Labor Attorney General).

Conducts collective negotiations with class unions.

International Trade Law

Contract preparation, including those for the purchase or sale of goods, distribution, commercial representation, arbitration and mediation.

Business defense instruments, including antidumping, safeguards and compensatory measures.
